ENVIRONMENTAL QUALITY**

**Part III. Air**

**Chapter 27. Asbestos-Containing Materials in Schools and State Buildings Regulation**

**§2799. Appendix A—Agent Accreditation Plan**

**Appendix A—Agent Accreditation Plan**

The duration of initial and refresher training courses is specified in numbers of days. A day of training equals eight consecutive hours, including breaks and lunch.

In several instances, initial training courses for a specific discipline (e.g., workers, inspectors) require hands-on training. For asbestos abatement supervisors, and workers, hands-on training should include working with asbestos-substitute materials, fitting and using respirators, use of glove-bags, donning protective clothing, constructing a decontamination unit, as well as other abatement work activities. Hands-on training must permit all supervisors, and workers to have actual experience performing tasks associated with asbestos abatement. For inspectors, hands-on training should include conducting a simulated building walk-through inspection and respirator fit testing.

Training requirements for each of the five accredited disciplines are outlined below. Persons in each discipline perform a different job function and distinct role. Inspectors identify and assess the condition of ACBM, or suspect ACBM. Management planners use data gathered by inspectors to assess the degree of hazard posed by ACBM in schools to determine the scope and timing of appropriate response actions needed for schools. Project designers determine how asbestos abatement work should be conducted. Lastly, workers and contractor/supervisors carry out and oversee abatement work. Each accredited discipline and training curriculum is separate and distinct from the others. A person seeking accreditation in any of the five accredited MAP disciplines cannot attend two or more courses concurrently, but may attend such courses sequentially. All courses, both initial and refresher, shall be completed within 14 days of the commencement of the course.

A. - E.2. ...

a. A completed Asbestos Accreditation Affidavit, Form AAC-1 (which may be obtained from the Office of Environmental Services, Permits Division, or through the department's website) that contains:

i. the applicant's name, address, and telephone number ~~of the applicant;~~

ii. the applicant's driver's license or state identification ~~social security number and the issuing state of the applicant;~~

iii. the name, address, and telephone number of the applicant's employer;

iv. an identification of the discipline(s) in which accreditation is sought;

v. completed statements of regulation possession and understanding and of regulatory enforceability;

vi. the applicant's previous accreditation number, if applicable; and

vii. the applicant's signature ~~by the applicant~~ and the date of application.

E.2.b. - F.5. ...

a. Unique sequentially-numbered certificates must be issued to students who successfully pass the training course. The numbered certificate must indicate the student's name of the student, his or her Social security number driver's license or state identification number and the issuing state, the course completed, and the dates of the course and the examination when applicable. The certificate must also include an expiration date for training that is one year after the date on which the student completed the course. The name, address, and telephone number of the training organization must also be indicated on the certificate. The discipline for which training was received shall be stated on each certificate, and a statement must be included that the person receiving the certificate has completed the requisite training for asbestos accreditation as required under TSCA Title II. States or training providers who reaccredit persons based upon completion of required refresher training must also provide accreditation certificates with all of the above information, except the examination date may be omitted.

b. - c. ...

i. The notification must be received in writing by the Office of Environmental Services, Permits Division, at least five days prior to class commencement. (Notification must be made at least three days prior to a course when only the state regulations are to be taught.)

ii. Cancellation of classes must be received by the Office of Environmental Services, Permits Division, before the class should have commenced.

d. Within 10 days of the completion of a class a complete roster of trainees, their driver's license or state identification numbers and the issuing states social security numbers, and their examination grades, with a 1" x 1 1/4" photograph of the face of each trainee, must be submitted to the Office of Environmental Services, Permits Division, on a form approved by the department.
